a right choice for  
**YOUR BIG  
DREAMS**

# THE KENBRIDGE SCHOOL:

The curriculum design is such which encourages the child to think out of the box and takes him away from rote learning. Lessons are linked seamlessly to life outside the classroom and this helps to develop the child's critical thinking capacity and high order thinking skills. The holistic approach to learning is instrumental in grooming their personalities.

## SALIENT FEATURES

Special Activity Center

Resource Center

Separate Libraries for Junior and Senior School

Labs for General Science and Pure Sciences

Well equipped Computer Labs

Transport fleet

Language and Math Labs

"We need to teach the next generation of children from day one that they are responsible for their lives."

- Elisabeth Kubler-Ross

"The highest education is that which does not merely give us information but makes our life in harmony with all existence.

- Rabindranath Tagore

## *The Architecture*

The building has a unique modern architecture. Set in the lush green, (5 acre) plot of land in a pollution free environment with an ambience, which would be unparalleled. The furniture is specially designed to cater to the Needs of growing children of all age groups. The aesthetic layout of each class room makes it a beautiful Home away from home. The playground has been developed to support various sport events and the Landscaped gardens are a beautiful sight.

The school auditorium/Multi Purpose Hall has been planned with perfect acoustics to make every event a memorable experience. It is also the proposed venue for seminars, workshops and guest lectures by eminent educationists. The computer, science and language labs have been designed keeping in mind the needs of young learners. Other key infrastructural elements Play Area, Math Lab, Art Room, Synthetic Courts for outdoor games etc.

# ENJOY YOUR SCHOOL LIFE

# *The Environment*

The school's environment ensures the safety and comfort of every student. The construction of class rooms, laboratories, activity rooms and art rooms etc. is such that students are well protected from air and noise pollution. The carefully monitored learning environment ensures that children develop their analytical and problem solving skills. Special tutorial/remedial teaching, both during and after school hours are arranged according to the need of each child.

A well qualified counsellor and special educator is available to students, parents and teachers. The entire school is equipped with technical systems ensuring international safety norms.

# *Clean and Hygienic Surroundings*

Highest standard of hygiene and cleanliness are maintained in the school. Safe drinking water is provided through a large number of dispensers placed at convenient locations all over the campus.

## *Transport*

The school owns a fleet of buses with highly trained drivers, helpers. Every bus is equipped with a mobile phone, first aid box and fire extinguisher. A GPS wireless system allows round the clock tracking of the buses.

In case of any delay or mishap, a message will be flashed to the school which informs the parents and a relief bus is sent if necessary.

"Don't limit a child to your own learning,  
for he was born in another time."

- Rabindranath Tagore

# *Pre-School*

## PRE SCHOOL

The Pre Primary stage is the foundation of every child's basic education. At this stage, the child is introduced to the basic skills of learning through the Play Way method. The subjects taught will be English and Number Work. Environment awareness will be given through discussion, projectwork, demonstrations and excursions. A lot of emphasis is given on the Creative Arts and Physical Education.

They will be introduced to a unique, 21 century, fully computerized Multi Media Edutainment Centre. Pre School section is the hub of activities with specially designed Activity Rooms. The activity room is stocked with Educational Play Systems, Toys and Games that help the little children to enhance their cognitive, problem solving, motor and muscular skills. There is a Performing Arts Room with a mini stage to train students for public performance & develop confidence before an audience thus getting over stage hesitation.

It is also used for training and celebrating all festivals with interactive tableaux. The school lays great stress on inculcating in its students, the Indian cultural heritage and tradition by celebrating all important Indian festivals and birthdays of great leaders and philosophers. Special Days like Colour Day's, Friendship Day, Grandparent's Day and Smiley Day etc. are celebrated through special assemblies.

Each classroom has two teachers and one maid. The attached washrooms ensure complete comfort of the little learners. The students teacher ratio is a very favourable one at 1:20. To reduce the burden of heavy bags, shelves are provided for every student within the classroom.

## *Primary Std. I to V*

The child is now familiar with the school environment and is exposed to more formal ways of learning. The subjects taught are English, Hindi, Maths, EVS, G.K. and Computers. Students of class IV & V will be introduced to an additional language like Kannada and Hindi to begin with.

A wide range of co curricular activities is offered to the students to ensure their wholesome, all round development. These activities are incorporated into their academic time table, as per CCE guidelines whereby they have an opportunity to learn the basics of these skills by being exposed to them regularly. All the activities are put into two groups as follows

Special activity classes are conducted by professionals as part of the activity based learning experiences offered in the school.

### **CLASSES I TO V**

“Live as if you were to die tomorrow. Learn as if you were to live forever.”

- Mahatma Gandhi

## *Middle School: VI to VIII*

The School now prepares the students to face the upcoming challenges of academics, development of an able body and lays the foundation of a solid career. Students are encouraged to participate in a variety of activities, as well as provided with world class training facilities and instructors.

Laboratories

**SCIENCE LAB:** The school has large, well equipped laboratories for Physics, Chemistry, Biology and General Science with advance system. Science classes are conducted in the laboratories in a scientific ambience.

**BIOLOGY LAB:** A new state of the art Biology Lab will be added to the existing laboratories. This modern science equipment will cater to the future needs of our growing children.

**LANGUAGE LAB:** A state of the art Language Lab will be developed for providing greater emphasis to the language skills of the students. This contemporary learning tools and equipment will help enhancing their language skills in times when language and communication skills have a great importance.

## *Senior Secondary School: IX-X*

The School's senior wing serves as a launch pad for young citizens ready to step out in the world and shoulder responsibility. As we usher the students towards adulthood, we ensure that they are provided a sound academic training which readies them for college admissions, industry exposure and professional courses.

**EXPERIENCED FACULTY:** The school houses well qualified, experienced and trained staff members who not only teach the students, but open their minds to new ideas and thoughts.

**CCE BACKED ACADEMICS:** The entire curriculum is designed as per the CCE (Continuous and Comprehensive Evaluation) pattern of the CBSE. Integrated projects and inter disciplinary approach allows the students demo based learning experience. Students are assessed continuously over the year via Formative and Summative Assessments via peer peer, peer teacher and other modes.

"Young People Must Have Courage To Think Differently, Courage To Invent, To Travel The Unexplored Path, Courage To Discover The Impossible And To Conquer The Problems And Succeed."

*Developing both body and mind*

**MATHS LAB:** A state of the art, Maths lab has been developed to make the subject more interactive. Through this, Mathematics comes alive and learning becomes a child's play.

**COMPUTER LABS:** Computer Science is a compulsory subject in the school and computer labs offer a lot of scope for all children to acquire hands on training. Computer education begins right from Nursery. Computers will also be used as a means to learn other subjects. The computer labs will also facilitate senior students to acquire programming skills. The school Computer lab is equipped with the following:

Multimedia Systems

17" Flatron Colour Monitors

Separate DVD ROM drives for each system

Optical Mouse

MS Internet Keyboard

Separate headphones for each user

Fast Internet connection round the clock

On line UPS for system backup

Windows XP Professional platform

Networked environment

The school also has a wide collection of interesting and educational CDs on a variety of subjects.

### **PHYSICAL FITNESS**

To develop an all round holistic fitness in the students, Aerobics, Yoga too are compulsory activities. Highly specialized Martial Arts like Taekwondo and Karate are taught here.

## *Classrooms are equipped with Interactive Boards*

Interactive smart boards are used in KenBridge School as a replacement for traditional whiteboards or flipcharts. They provide ways to show students anything which can be presented on a computer screen (educational software, web sites etc.). In addition, interactive whiteboards allow teachers to record their instructions and post the material for review by students at a later stage. This can be a very effective Instructional strategy for students who benefit from repetition, who need to see the material presented again, for students who are absent from school, for struggling learners and for review of examinations.

The boards allow us to create video files to teach software applications or as a review to be posted to the server or web for e.g., to create interest in geography in the students, they can be used to teach and illustrate continents, oceans, countries or state capitals, to use the record feature to narrate a Text, for diagramming activities and electronic World War.

### *Connectivity:*

The classes are connected to internet to access the entire world. e.g. Google search.

**ERP:** Connected to School ERP/Management system. State of the art learning is ensured with the use of education software provided by leading education content providers in the industry.

# *Science & Technology*

Science courses are introduced right from Pre school itself to encourage tender minds towards the path of discovery. As per the need of the fast paced technology driven world today, study of Science ensures development of a logical mind. The Senior School Science curriculum follows a 'learning by doing' methodology which allows the students to appreciate the application of scientific principles in everyday lives. The practical teaching of concepts ensures thorough understanding and application of these principles.

"There is a garden in every childhood, an enchanted place where colors are brighter, the air softer, and the morning more fragrant than ever again".

-Elizabeth Lawrence

The campus is equipped with broadband e connectivity with Wi Fi for anywhere anytime computer learning. All students have supervised internet access. They are familiar with the software packages used in modern business applications, such as Word Processing, MS Power Point, Spreadsheets, Databases and Presentations. Alongside the regular library, there shall be a hi tech, e Library where students will have access to online encyclopaedias and reference material.

**KIDS @ THE LIBRARY**

# Playing to win

Sports and related activities are an integral part of the school curriculum. Students are encouraged to take part in age appropriate sports activities to ensure their holistic development. The basketball court, football field, sports room and other infrastructural set ups are in place to allow the budding sportsman in each child to come forth.

## PRE PRIMARY WING

The youngest learners of school are engaged in playful exercises aimed at developing their motor and gross skills. The little ones spend hours playing in the Sandpit area  
Swings  
Fun games

## MIDDLE SCHOOL

The sports department nurtures young players and trains them to perform in district, state and national level competitions. Special morning camp is conducted to train students in football, basketball, table tennis and kho kho. During school hours the

students take part in  
INDOOR SPORTS  
CHESS  
CARROM BOARD  
TABLE TENNIS  
YOGA

OUTDOOR SPORTS  
CRICKET  
FOOTBALL  
BASKETBALL  
KHO KHO

"The man who has no imagination has no wings."  
-Muhammad Ali (Boxer)

## *The Rhythmic Learning*

It is said that where words fail, music speaks. At KenBridge School we aim at honing the musical sensibilities of the students. The Music and Dance department trains the students in classical as well as western music and dance forms. The Music and dance rooms have been specially designed keeping in mind the space and acoustics required for these classes. The school's band "Crescendo" is a constant feature in every school ceremony and has gathered quite a bit of fan following in the school

"Music can change the world because it can change people."  
-Bono

#### MORNING ASSEMBLY/SPECIAL ASSEMBLIES

The morning assembly is conducted by each class on a daily rotation. These class assemblies give each student an opportunity to participate. This develops their oratory, public speaking skills and confidence. Cultural shows are put up for all major festivals as well as national days. The Annual Art Exhibition, Science Exhibition/Week, Computer Week, Subject Weeks and Holiday Home Work display give every student a platform to exhibit his or her work

## *The House System (school Houses)*

To develop leadership and artistic skills and to provide adequate care to the students, the School has four houses namely Worthy Wizards, Gifted Geniuses, Mighty Maestros, Power Prodigies and all students are grouped in one of them.

A Captain and a Vice Captain for each house are elected through a democratic procedure. They are assisted by two authorities in the Primary section who are nominated by the Primary faculty members. This grouping fosters a vertical integration in the School and gives students a feeling of belonging and sharing. Healthy competition and team spirit among the houses develop through Inter house games, sports, debates, dramatics, music, quizzes and other co curricular activities.

# *Serving Community Needs :*

KenBridge School understands the importance of giving back to the community, and firmly upholds the School motto of 'Service Before Self' with pride. The activities undertaken by the school include:

- ❖ Old Age Home Visit at Osmanabad,
- ❖ Traffic Awareness among citizens by preschool kids,
- ❖ Creating awareness among the citizens to save water and trees by primary students.
- ❖ Plantation program by School's interact club members on green day every year.

## Young Travellers

The students often head out for adventure based trips under the supervision of their teachers. The young travellers of KenBridge School have visited places like Bangalore, Mysore, Bijapur, Bidar, Alamatti, Madikere, Pune, Mahabaleshwar, Panchagani, Delhi, Agra, Jaipur etc. and have been a part of adventure based learning experiences. Such trips ensure that students are equipped with life skills like survival tricks, sharing and team work. These life lessons are a part of the co scholastic learning process and the students are assessed for the same.

# Admissions

Names of prospective students are registered from March in the prescribed application form on payment of prescribed fee. Registration Form can be collected from the school's front office. The applicants after scrutiny (for birth certificate, assessment reports for Grade 1 upwards) are then called for an interview / Test as per the following norms:

At Kindergarten level there will be a personal interaction of the child with the Montessori nurse / teacher to observe child's physical growth, motor development, social behavior etc. To do so there will be an assessment followed by personal interaction with the parent and the child.

For Grades 1 and above, an assessment test will be conducted as follows

- ❖ Grade 1 – 5 : English, II Language, Math & General awareness.
- ❖ Grade 6 and above : English, II Language, Math & Science

The Assessment / Admission Test will be followed by a personal interaction of the child & the parents with the Principal. The results of admission procedure will be declared within next 48 hours.

## AGE

- ❖ Pre KG 2 years 10 months as on 1st June of the academic year
- ❖ LKG 3 years 10 months as on 1st June of the academic year
- ❖ UKG 4 years 10 months as on 1st June of the academic year
- ❖ Grade 1 5 years 10 months as on 1st June of the academic year

“Learning gives creativity Creativity leads to thinking  
Thinking provides knowledge Knowledge makes you great.”
